

WE ARE HIRING

About Barnes IP

We're a fast-growing patent attorney firm, focusing mainly on patenting in the software and electronics fields, with particular expertise in AI, robotics, cybersecurity and space-based technologies. Our clients are leaders in their respective fields - including three unicorn start-ups whom we've represented since incorporation - with clever technology and ideas that need protecting. We're looking to expand our team with the addition of a qualified patent attorney and a finals-level trainee patent attorney to help support our loyal client base.

Join our attorney team

ABOUT YOU

- You're attracted by joining a fast-growing dynamic young firm where, as a team player, you'll be able to share your creative ideas and perspective
- Experienced enough to confidently handle drafting, prosecution and advice work, with strong analytical and problem solving skills
- Previous experience with artificial intelligence, medical imaging, computer vision, cybersecurity, space tech and/or robotics would be beneficial

WHAT WE OFFER

- A refreshing, supportive and forward-thinking working environment that's fully paperless, built from best practice
- A varied and interesting caseload, working with established clients
- Relaxed, friendly and sociable work environment, whether you're based in one of our offices (Windsor/London/Hong Kong) or working from home
- Enjoy the support presented by qualified attorneys that have active roles in the profession's qualifying exams and training
- Develop a comprehensive worldwide patent portfolio with our clients
- Structured training programme, with regular on-the-job training and personal development support, even after passing the qualifying exams

REMUNERATION & BENEFITS

Competitive salary | Automatic Enrolment Pension Scheme (NEST)
25 days' holiday | Medical insurance | Employee benefits package
